

PEROXY HDOX IS EPA REGISTERED!

PEROXY HDOX

DISINFECTANT / SANITIZER / VIRUCIDE / FUNGICIDE / DEODORANT

On September 9th, 2008 Peroxy HDOX, a multi-purpose Hydrogen Peroxide based cleaning program, was approved by the Environmental Protection Agency as a Multi-Surface / One-Step / Disinfectant / Sanitizer / Cleaner / Deodorizer / Virucide / Fungicide.

The newest product in the Earth Laboratories, Inc. family offers users an effective, simple, safe maintenance and cleaning pro-

gram, while providing effective microbiological efficacy.

One concentrate, two dilutions...

Peroxy HDOX Concentrate can be used on any washable surface. It is an effective cleaner on windows, glass, mirrors, stainless steel, aluminum, brass, soft metals, quarry tile, natural stone, sealed grout, vinyl, plastic, sinks, countertops, fixtures, painted

surfaces, glazed porcelain, and all surfaces not harmed by water.

Peroxy HDOX is recommended for used in Hospitals, Health Care Settings, Hotels & Motels, Cruise Ships, Dormitory Rooms, Temporary Housing, Households, Public Transportation, Schools, Universities, Gymnasiums, Locker Rooms, Restrooms, Fitness Centers, Day Care Centers, Office Buildings, Casinos, Airports, Commercial, Retail, & Industrial facilities.

Peroxy HDOX is a Disinfectant!

PEROXY HDOX, when used as directed as a disinfectant is effective against:

Pseudomonis aeruginosa
Staphylococcus aureus
Salmonella enterica
Streptococcus pneumoniae
Escherichia coli
Staphylococcus aureus MRSA
Staphylococcus CA-MRSA (USA400)

Fungicide

PEROXY HDOX, when used as directed as a fungicide is effective against Trichophyton Mentagrophytes.

Trichophyton Mentagrophytes can cause infection of the hair, skin, and nails and are a common cause of ringworm.

Peroxy HDOX as a Sanitizer

When used as directed, Peroxy HDOX is approved as effective by the EPA as a non-food contact sanitizer against Staphylococcus aureus and Enterobacter aerogenes.

Peroxy HDOX as a Virucide

When used as directed, Peroxy HDOX is approved as effective by the EPA against Influenza Type A (Hong Kong) and Respiratory Syncytial Virus (RSV) and HIV-1 [AIDS virus]

The Peroxy HDOX Solution

5 Simple Components

- 1. One Peroxy HDOX Concentrate**
Using the Peroxy HDOX Dilution Control Program creates a powerful tool for cleaning, maintenance, and restoration.
- 2. Heavy and Light Dilutions**
Two Formulations, Red Dilution (Heavy cleaning) and Green Dilution (Light cleaning) will replace up to 99% of your cleaning chemical needs.
- 3. Dilution Control Equipment**
Peroxy HDOX utilizes COLOR CODED dilution control and dispensing equipment to ensure proper dilution and application.
- 4. Application Use Guidelines**
Application Use Guidelines are available to each & every customer & are updated regularly to ensure the proper cleaning techniques are used.
- 5. Cleaning Equipment**
Peroxy HDOX is compatible with virtually all types of cleaning equipment. More information about cleaning equipment can be found in the Application Use Guidelines

Why Hydrogen Peroxide?

Peroxy HDOX is fueled by Hydrogen Peroxide.

Hydrogen Peroxide oxidizes organisms and organic matter, producing oxygen bubbles and water that enable Hydrogen Peroxide to provide extraordinary cleaning power.

Because Hydrogen Peroxide is all natural, it has none of the problem VOCs or chemical residues that are associated with other chemicals.

vision
EARTH LABORATORIES, Inc. is committed to changing the world one cleaning product at a time.

We strive to evolve, innovate, and hold fast to our quality, integrity, and honesty.
